## Welcome to Cornwall Blood Bikes

We are a team of volunteer members who are dedicated to providing a weekday 'out of hours' service from 17:00 to 07:00 and a 24 hour Weekend and Bank Holiday service supporting our NHS partners with whom we have formal agreements to deliver essential Human Blood, Pathology Samples, Medication, Medical Equipment, Medical Notes and occasionally Donor Breast Milk to the NHS hospitals and hospices throughout Cornwall and beyond.

We have published details of the number of jobs we have completed recently and in our calendar there are details of our ongoing fundraising events held throughout Cornwall to support and fund the work we are doing in the community.
